Introduction
This catalogue contains details about the interactive digital curriculum resources for French available from The Learning Federation (TLF). The content has either been created by TLF or licensed from other sources and made available to all schools in Australia and New Zealand.

The learning objects are generally published in series and some learning objects within a series are aggregated into single learning objects. Aggregated learning objects are identified with the symbol.

TLF-created content
TLF-created content for French is known collectively as the Close encounters project. In the Close encounters set of learning objects, based on the principles of Intercultural Language Learning, students use the target language to communicate and interact in authentic activities that portray the sociocultural characteristics of the target country. The learning objects incorporate a range of rich multimedia with spoken dialogue enabling immersive intercultural language learning experiences not easily generated by students and teachers in the classroom. The learning object scenarios also offer opportunities for teachers and students to integrate other complementary and contributory online and offline activities.

Some learning objects contain non-TLF content. See the acknowledgements and conditions of use in the learning objects for details.

Content from other sources
TLF licenses content from other sources to include in the pool of digital materials for French. These items are described in this catalogue as well.

Accessing and viewing the content
Government and non-government education authorities in each Australian state and territory and in New Zealand have responsibility for facilitating access to the pool of digital content. Full details about how to access the content, including the necessary technical and software requirements for viewing it, can be found at:

www.ndlrn.edu.au
Close encounters

Lost bike series (French) (Years P–2)

Students design bikes by using French vocabulary and phrases associated with size, colour and bike accessories.

Features include:
- an interactive context in which to explore target vocabulary and phrases by experimenting with the design of bikes
- opportunities to practise word order in the target language
- simple instructions and feedback in French
- cultural information about cycling in France
- authentic photographic images of places in France.

Students:
- use adjectives to describe and compare size and colour
- learn words and phrases associated with bike parts, but useable in other contexts.

Lost bike [French]
L8725 – Years P–2 🚴

Students use words that describe size, colour and accessories to design bikes. They use pictures and feedback to find where some bikes are hidden in a village.

Lost bike: build your own bike [French]
L8727 – Years P–2

Students match pictures of bikes with words describing size, colour and accessories. They choose words to complete a description of a bike they would like to build. Then they use pictures and feedback to find where the bikes are hidden in a town.

Lost bike: build to order [French]
L8726 – Years P–2

Students match pictures of bikes with words describing size, colour and accessories. They build a bike to match a description given by a French friend. Then they use pictures and feedback to find where bikes are hidden in a town.

This learning object contains non-TLF Content. See Acknowledgements in the learning objects.
Dressing up series (French) (Years P–2)

Students are introduced to a range of basic clothing items for three distinct occasions: going to school, going skiing and going to the beach. The series is designed for beginning learners of French.

Featured include:
- scenes showing children in a classroom, at the lake and skiing
- vocabulary related to getting dressed
- a range of clothing items suitable for school, the lake and skiing
- a choice between a female and a male school-aged character
- instructions and feedback in French.

Students:
- identify items of clothing and explore vocabulary related to dressing for school, the lake and skiing
- follow instructions given in French to dress a boy or a girl.

**Dressing up: school [French]**
L7816 – Years P–2

Students identify items of clothing suitable for going to school.

**Dressing up: beach [French]**
L7817 – Years P–2

Students identify items of clothing suitable for going to the beach.

**Dressing up: skiing [French]**
L7818 – Years P–2

Students identify items of clothing suitable for skiing.

**Dressing up [French]**
L6831 – Years P–2

This is an aggregated learning object combining the 'Dressing up' learning objects.
Number trains series (French) (Years P–3)

Students use their knowledge of French numbers from 1 to 400 to arrange train carriages according to numbers on their sides.

**Features include:**
- Visual and audio equivalents of numbers in French
- A visual context in which students sequence numbers in French by predicting, testing and confirming
- An interactive context in which students develop and consolidate counting skills that are fundamental to addition and subtraction skills
- Randomised number generation that encourages repeated use.

**Students:**
- Practise using and identifying numbers in French
- Relate number ‘names’ and values in a variety of representations to French numbers and number words
- Identify the number before and after a given number
- Connect French number words and numerals to the quantities they represent using dice dots and ten-frames
- Identify place value in two-digit and three-digit numbers.

---

**Number trains: 1–10 [French]**
L9871 – Year P

Students use their knowledge of French numbers from 1 to 10 to arrange train carriages according to numbers on their sides. The numbers are represented in a range of formats such as French number words, numerals, dice dots or counting frames.

**Number trains: 1–20 [French]**
L9872 – Years 1–2

Students use their knowledge of French numbers from 1 to 20 to arrange train carriages according to numbers on their sides. They identify the numbers that come before and after each starting number.

**Number trains: 10–400 [French]**
L9873 – Years 1–3

Students use their knowledge of how to count by tens in French to arrange train carriages according to numbers on their sides. For example, identify the numeral or number word that comes after trois cents.
Number trains [French]
L8706 – Years P–3

Students use their knowledge of French numbers from 1 to 400 to arrange train carriages according to numbers on their sides. This is an aggregate learning object combining the other objects in the series.

Kite kit series (French) (Years P–6)

Students follow instructions in French to construct and decorate a kite.

Features include:
- simple adjectives for describing size, shape and colour
- instructions and feedback in French
- a kite-flying display mode in which students can fly kites in three different locations, and at different compass directions, wind speeds and altitudes
- photographic images of the Eiffel Tower, a beach scene and Mont Saint-Michel.

Students:
- use requests such as ‘Je voudrais …’ and interpret language via tone and gestures
- follow simple instructions in French
- recognise and use French words and phrases associated with shape, size, colour, symbols and kite parts.

Kite kit: flying [French]
L8715 – Years P–3

Students fly kites in a range of places in France. They can adjust wind direction, wind speed and flying height and are introduced to a number of basic vocabulary items. This is the least complex of the three learning objects.

Kite kit: colour, shape and design: level 1 [French]
L8713 – Years P–3

Students recognise and use simple French words describing colour, size, shape and cultural images to design a kite. They then follow instructions to make a second kite and fly it in three different places in France. They can adjust compass directions, wind speed and flying height.

Kite kit: colour, shape and design: level 2 [French]
L8714 – Years 4–6

This object is similar to level 1, except students use more complex words to design the kite and to complete instructions for making a kite.
Dragon's jumble series (French) (Years 1–3)
Students put images and sentences in order to unjumble a dragon's dream.

Features include:
- opportunities for students to put a sequence of pictures in order, and then match sentences to the sequence
- opportunities for students to use temporal connectives to link the events in a recount
- audio support of target language text to assist student comprehension
- three print options for students' completed recounts: pictures only, text only, or both pictures and text.

Students:
- put pictures in the correct sequence to retell a recount in French
- match sentences written in French to pictures
- use temporal connectives to link different phases of a recount
- observe that some French temporal connectives are interchangeable.

---

**Dragon's jumble: dream [French]**
L9796 – Years 1–3
Students add temporal connectives such as 'd'abord', 'puis' and 'enfin' to show the order of events in a recount. They watch an animation of the completed story, and then help the dragon to finish two more recounts.

**Dragon's jumble: garden [French]**
L9802 – Years 1–3
Students help a dragon remember what happened in his garden. They place the jumbled pictures in the correct order and choose sentences to match the pictures. Students then add temporal connectives such as 'd'abord', 'ensuite' and 'en dernier' to show the order of events.
My design series (French) (Years 2–4)

Students design an animated cat or car by following simple instructions in French and choosing labelled elements that describe mood, size, position, colour, expression and voice.

**Features include:**
- a range of design elements for students to explore
- audio support for all French text, including instructions and labels
- an animation of the student's completed cat or car
- an option to print the student's design.

**Students:**
- recognise and respond to words, phrases and simple sentences in spoken and written French
- use adjectives in French for mood, size, position and colour
- read simple sentences in French such as 'Choisis une couleur.'

---

**My design: talking cat [French]
L10280 – Years 2–4**

Students design a cat that speaks in French. They choose a voice and background picture for their cat, decide on a name and select a note about their cat.

**My design: talking car [French]
L10274 – Years 2–4**

Students design a car that speaks in French. They select items to determine their car's mood, size, position and colour. Students then choose a message in French to describe their talking car.

This series contains non-TLF content. See Acknowledgements in the learning objects.
Photo album (Years 5–10)

Through the character of a young French schoolgirl and her album of photos, students are introduced to various unique aspects of French life under the themes of celebrations, daily life and school.

Features include:
- authentic photographic images of France and descriptions of cultural aspects of French life
- an opportunity to apply reading and listening skills through a caption-matching exercise
- all instructions and feedback in French
- two levels of learning objects with the versions for older students (years 9–10) having more complex language
- multiple-choice questions to test comprehension and grammatical knowledge.

Students:
- recognise cultural activities and social interactions
- match captions with the appropriate photograph and respond to targeted multiple-choice questions
- identify and understand relative pronouns.

---

**Photo album: daily life 1 [French]**

L5949 – Years 5–8

Photos include activities such as travelling on the metro, going to a street cafe and watching actors in an open-air performance.

---

**Photo album: daily life 2 [French]**

L5950 – Years 9–10

Photos include activities such as a street protest, going to fruit and vegetable markets, and buying fresh bread.

---

**Photo album: school life 1 [French]**

L5953 – Years 5–8

Photos show the everyday life of schoolchildren in France including a camp during the school holidays, an after-school dance class and getting results of the baccalaureate exams.
Photo album: school life 2 [French]
L5954 – Years 9–10

Photos show the everyday life of schoolchildren in France including eating lunch in the school canteen, an after-school dance class and students working on computers during a break.

Photo album: celebrations 1 [French]
L5951 – Years 5–8

Photos show celebrations including the night festival in Brittany, the Bastille Day parade and choosing decorations for a Nativity scene.

Photo album: celebrations 2 [French]
L5952 – Years 9–10

Photos show celebrations including a New Year’s Eve party, a wedding and bike riders in the Tour de France.

This series contains non-TLF content. See Acknowledgements in the learning objects.
Lost bag series (French) (Years 9–10)

Students take on the role of a traveller who has lost her luggage at either an airport or a hotel in France. They explore culturally appropriate ways of asking for help and information in French, and compare effective communication styles in French with those of their own culture.

Features include:
• audio to accompany target language requests and responses
• examples of emotive and non-emotive language in French
• examples of culturally acceptable ways of making requests
• opportunities to practise functional language such as requesting assistance and asking for information.

Students:
• establish and maintain communication to interact with French people in a culturally appropriate way
• recognise and use appropriate language to negotiate and question.

Lost bag: baggage claim [French]
L9863 – Years 9–10

Students decide what to do when their luggage goes missing at an airport in France. They watch another traveller talk with a local baggage handler and notice how the baggage handler reacts to phrases, tone of voice, gestures and facial expressions.

Lost bag: hotel reception [French]
L9867 – Years 9–10

Students decide what to do when their luggage goes missing at a French hotel. They choose the most culturally appropriate way of asking for help, use a polite greeting, establish their identity and explain the problem.
Content from other sources

My family (French) (Years P–4)
Students meet a local family and learn about relationships in a family tree.

Features include:
- vocabulary and basic sentence structure to describe family relationships.

Students:
- explore the composition of a range of families
- explore common numbers.

Chouette! (Year P–8)
The Chouette! series of learning objects allow students to explore the social and physical context of France.

Originally published by Curriculum Corporation on CD-ROM as 'Chouette!'. Chouette! is an initiative of the Curriculum Support Directorate of the New South Wales Department of Education and Training. It was jointly developed by the Curriculum Support Directorate of the New South Wales Department of Education and Training and Curriculum Corporation.

Features include:
- all instructions are given in English
- audio support in French
- English translations for all French content

Students:
- apply reading and listening skills to solve puzzles and match written or spoken phrases to images
- explore dialogue and language used in daily life
- score points for each correct answer.

<td></td>
</tr>
</tbody>
</table>
Chouette! My body
L4987 – Years P–8
This is a combination of the three 'My body' learning objects.

Chouette! About me: what is my name?
L4994 – Years P–8
Students listen to a girl ask people 'What's your name?' then match the phrase to the person most likely to have said it.

Chouette! About me: how old am I?
L4995 – Years P–8
Students listen to children in the playground saying their age and hear how to answer the question 'How old are you?' Students match each age with its corresponding number.

Chouette! About me: where do I come from?
L4996– Years P–8
Students listen to children in a playground answer the question 'Where do you come from?'. They match the children's response with their country's flag.

Chouette! About me
L4993 – Years P–8
This is a combination of the three 'About me' learning objects.

</table>
Chouette! Let's eat: what's cooking?
L5173 – Years P–8

Students listen to the order of phrases for buying, preparing and eating food. They then arrange phrases for a cooking session.

Chouette! Let's eat
L5170 – Years P–8

This is a combination of the three 'Let's eat' learning objects.

Chouette! My day: what to do?
L5219 – Years P–8

Students listen to two children planning their day. Students then match objects to the activities in which they are used.

Chouette! My day: who's doing what?
L5220 – Years P–8

Students look at people playing a guitar and listen to a boy describing who is playing each piece of music. They match the pictures to his description.

Chouette! My day: what are people doing?
L5221 – Years P–8

Students look at activities that children are doing such as playing basketball or reading a book. They listen to questions about what each child is doing. Students build answers to respond to questions, first answering ‘Yes’ or ‘No’, then describing the activity.
Chouette! My day
L5218 – Years P–8
This is a combination of the three ‘My day’ learning objects.

Chouette! The family: family members
L5270 – Years P–8
Students listen to a boy introduce the members of his family and match each person to their family relationship.

Chouette! The family: introducing others
L5271 – Years P–8
Students listen to a girl question a boy about members of his family and match members of the boy's family to his spoken descriptions. The boy gives two clues such as 'This is not my mother..., this is my sister'.

Chouette! The family: family occupations
L5272 – Years P–8
Students listen to a girl question a boy about the occupations of his family. They listen to the boy's descriptions and match members of his family to their correct occupations.

Chouette! The family
L5269 – Years P–8
This is a combination of the three ‘The family’ learning objects.
Chouette! My things: colours
L5274 – Years P–8

Students explore the French names for colours. They follow spoken instructions to paint a mask.

Chouette! My things: personal possessions
L5275 – Years P–8

Students listen to a boy’s description of items in his suitcase. The description includes the colour of each object. Students match the colour and object to the spoken descriptions to fill his suitcase.

Chouette! My things: shapes and sizes
L5276 – Years P–8

Students explore the French names for simple shapes such as triangles. The descriptions include the size of the shape. They match shapes to spoken descriptions to build a picture.

Chouette! My things
L5273 – Years P–8 🌸

This is a combination of the three ‘My things’ learning objects.

Chouette! My clothes: naming clothes
L5278 – Years P–8

Students explore the French words for items of clothing. They swap the clothes around to change what a girl is wearing.
Chouette! My clothes: coloured clothes  
L5279 – Years P–8

Students explore the French words for colours and clothing. They follow spoken instructions to add or remove items of clothing.

Chouette! My clothes: buying clothes  
L5280 – Years P–8

Students listen to the dialogue between a boy buying a T-shirt and a shopkeeper. They match speech bubbles to the person speaking in each scene.

Chouette! My clothes  
L5277 – Years P–8

This is a combination of the three 'My clothes' learning objects.

Chouette! My house: contents and parts  
L5282 – Years P–8

Students explore the names of objects in a house and find objects such as a chair, table, television or door.

Chouette! My house: where is the frog?  
L5283 – Years P–8

Students explore the positions of a frog on and around furniture in a room. Students apply prepositions such as under, beside and behind as they move frogs to places such as ‘under the table’ or ‘on top of the chair’.
Chouette! My house: where coloured things are
L5284 – Years P–8

Students explore the location of objects around a wizard's table. Students apply prepositions such as under, beside and behind as they position objects around the table.

Chouette! My house
L5281 – Years P–8

This is a combination of the three 'My house' learning objects.

Chouette! Let's play: sports and games
L5423 – Years P–8

Students explore sports and leisure activities such as basketball, swimming and soccer as they listen to children's answers to the question 'What sport do you play?' They match each activity to a child.

Chouette! Let's play: what do you like to play?
L5424 – Years P–8

Students find out what sports and leisure activities a group of children like. They listen to their answers to a question about each sport and match the children to the spoken answers.

Chouette! Let's play: shall we go somewhere?
L5425 – Years P–8

Students listen to a telephone conversation between two children. They match speech bubbles of the conversation to the person speaking in each scene.
Chouette! Let's play
L5422 – Years P–8
This is a combination of the three ‘Let's play’ learning objects.

Chouette! Getting around: where are you going?
L5427 – Years P–8
Students listen to people describe destinations they are travelling to. They match a destination to the question 'Where do you want to go?'

Chouette! Getting around: how do you get there?
L5428 – Years P–8
Students listen to children describing how they travel to school. They choose transport that answers the question: ‘How do you go to school?’

Chouette! Getting around
L5426 – Years P–8
This is a combination of the two 'Getting around' learning objects.

Chouette! The weather: today's weather
L5430 – Years P–8
Students listen to reporters describe the weather conditions for a TV station. They match a speech bubble to a weather scene and reporter.
<table>
<thead>
<tr>
<th>Learning Object</th>
<th>Description</th>
</tr>
</thead>
</table>
| **Chouette! The weather: dressing for weather**  
L5431 – Years P–8  
Students listen to children describing clothing and other items they will need to suit weather conditions. Students identify the weather and clothing needed from a spoken description. |
| **Chouette! The weather: weather in other countries**  
L5432 – Years P–8  
Students explore descriptions of weather conditions in the months of January, April, July and October for Australia, France, Vietnam and Mauritius. They choose the weather, month and country that match a spoken description. |
| **Chouette! The weather**  
L5429 – Years P–8  
This is a combination of the three ‘The weather’ learning objects. |
| **Chouette! Animals: at the zoo**  
L5434 – Years P–8  
Students explore a zoo and listen to questions about zoo animals. They choose the animal being described. |
| **Chouette! Animals: describing animals**  
L5435 – Years P–8  
Students listen to children describe cats at a pet show. They choose a cat to match a spoken description. |
Chouette! Animals
L5433 – Years P–8

This is a combination of the two 'Animals' learning objects.

Quirky comics series (French) (Years 5–10)

Students read and listen to a story presented in a comic-book format. They then complete five activities to test their understanding of the key French vocabulary and sentence structures in the story.

Features include:
- presentation of the story in both written and audio formats to support development of students' reading and listening skills
- a matching activity in which students flip cards to find pairs (with matching options including audio to text, audio to picture, and text to picture)
- a multiple-choice activity in which students select correct answers after considering clues provided as audio, text or graphics
- a wonderword activity in which students find words in French
- a comprehensive glossary to support each page of the comic.

Students:
- use contextual clues to deduce meaning from a story told in French
- identify the purpose of, and participants in, a text
- practise the key vocabulary and sentence structures used in each story.

Quirky comics: Aïe aïe aïe: level 1 [French]
L10035 – Years 5–10

Read and listen to a story in French about a student who tries to get help from a school nurse for her upset stomach.
